

Shakhlo Kucharova

Front End Developer

I was born on May 6, 2000 in the city of Tashkent. In 2015, I graduated from school No.225 in Mirzo Ulugbek district with honors. Then in 2018 I graduated from the Tashkent College of Information Technology, Faculty of Telecommunications. that same year I entered the Faculty of Television Technology at TUIT University. Now I am a 4th year student. I have studied Front End technologies and am working in this field. I love learning science and teaching science. There is a unique miracle that happens everyday!
